What's cookin' at Hayden Cabin

The 22nd Annual Jazz Jubilee is in full swing, and guests who attended the Thursday preview event at Hayden Cabin, sponsored by the Southern Mono Historical Society, were treated to a special blend of musicians. For one day only, Gary Ryan (banjo), Danny Coots (drums) and Jeff Barnhart (piano) teamed up to jazz it up for three hours under the sun. Ryan is a former member of Ryan's Raiders, a popular Jazz Jubilee group. Along other things, Coots and Barnhart list playing for the Titan Hot Seven on their resumes. "That's what's great about jazz," Ryan said. "If you know a note, away you go. Sometimes even if we don't know it, away we go anyway."

More than 150 people attended the Hayden Cabin event according to Southern Mono Historical Society member Bill Sauser, who found himself short on chairs because of the large turnout.

Join the staff at the Hayden Cabin Museum for a midsummer outdoor potluck and barbecue at 6 p.m. on Tuesday, July 20. Dinner's at 6 p.m. Bring

something to grill, a dish to share, a chair, place setting and drinks.
