New egress from Sherwin Range solves problems for backcountry skiers/snowboarders

Written by Bennett Kessler
Tuesday, 01 March 2011 17:23

What once raged as a controversy has now become an organized way for backcountry skiers and snowboarders to gain access to the Sherwin Range and back to Town with marked directional signs.

The way out from the Sherwins goes along a designated route across the Snowcreek Golf Course and ends on the north side of the gate across Ranch Road via a public easement around the gate's west side.

This route and signage happened due to a partnership among the Chadmar Group, the Town of Mammoth Lakes and the Mammoth Lakes Trails and Public Access Foundation. Recreationists are urged to follow this legal route across the Snowcreek Golf Course. Travel across any other part of the Snowcreek Golf Course, which is private land, is prohibited and considered trespassing.

The Snowcreek egress route is the result of a two-year decision-making process, part of the Snowcreek VIII Master Development Plan. Questions? Call Town of Mammoth Public Works Director Ray Jarvis at 934-8989 ext. 257 or Snowcreek's John Morris at 934-3333.

WINTER RECREATIONISTS:

If you're planning to get back to town by way of Old Mammoth Road rather than Sherwin Creek Road, you'll be crossing private land. Please follow the approved route to Ranch Road. Three red signs mark the route: the first is located on the fence that edges Snowcreek Golf Course and shows you where to cross the course; the second directs you to Ranch Road; and the third is located on the left (west) side of the gate and directs you to the public easement around the gate. This is the only legal route across these private lands. Following it and respecting the privacy of adjoining private property owners will protect your right to continue to use the route.

Thank you and have a great day!
Mammoth Lakes Trails and Public Access Foundation
Snowcreek Resort
Town of Mammoth Lakes

Please follow the signs and signs to Ranch Road
