

Trail Host Winter Pilot Program Report

Dates: December 21, 2019 – February 10, 2020

Location: Shady Rest Winter Trails

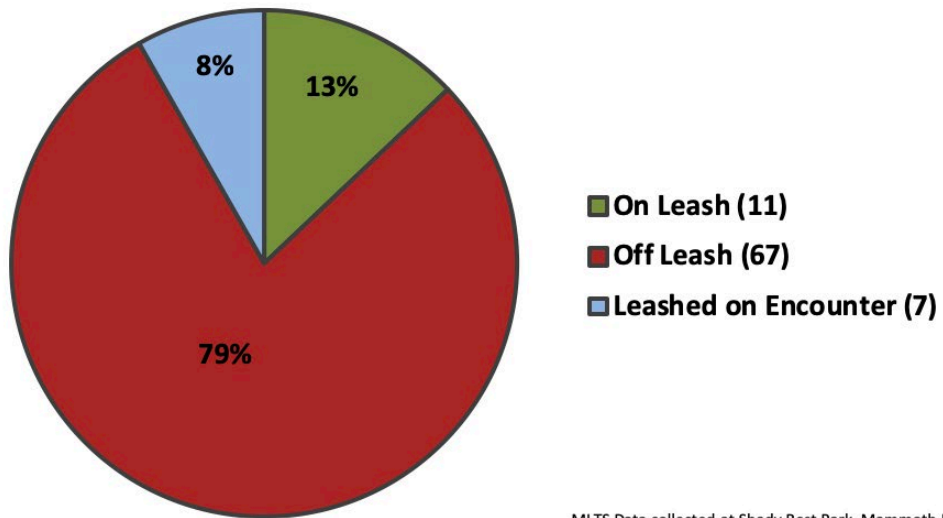

Hosts: Joel Rathjie, Matt Paruolo, Amber Henshaw, Gretchen Haselbauer

Overview: The Winter Trail Host Pilot Program consisted of 15 Days. Trail Hosts hiked, biked and XC skied the Shady Rest Winter Trail interacting with users and collecting data. Overall users were happy to see the engagement and encouraged the continued presence. Below are the interactive map results of the data, graphs on dog leash use, encountered user type and a sample of notes collected by hosts.

MLTS Data collected at Shady Rest Park, Mammoth Lakes, CA from 12/21/19 - 2/10/20

Trail Host Pilot - Encountered User Types Shady Rest Winter Report

MLTS Data Collection at Shady Rest Park, Mammoth Lakes, CA from 12/21/19 - 2/10/20

Sample Host Notes:

"Dog put on Leash once encountered"

"Positive... TY! So great having free public trail close to town."

"Two people from out of town ca. Needed shady winter map. Gave winter rec handout and suggestions for hiking."

"Argued legal dog leash laws refused handout"

"well controlled dogs off leash with baby, grandma, daddy. They quickly put 2 of the 4 dogs on leash."

"Friendly and on leash"
