SATSS Study Area

On-Snow Vehicles (OSV) – Snow Machines and other similar snow-specific motor powered vehicles.

Groomed Nordic – Nordic skiing that takes place in designated areas that provide parallel tracks and/or skate skiing tracks along signed, managed routes. Groomed Nordic areas typically have additional management regulations, such as direction of travel, prohibition of dogs, restrictions on OSV travel, etc.

Nordic (signed) – Nordic skiing on ungroomed terrain following a signed/blazed route.

Nordic (unsigned) – Nordic skiing on ungroomed terrain without the use of a signed/blazed route.

Backcountry (BC) Alpine Touring (AT)/Telemark/Snowboard – Non-motorized muscle -powered snow recreation on ungroomed terrain. Signed/blazed routes may or may not be present.

Snowplay – Ungroomed area designated for unstructured non-motorized snow activities such as sledding and tubing. Typically family-oriented.

Snowshoe – Snowshoeing on ungroomed terrain. Signed/blazed routes may or

OSV and OHV use is not permitted within the Urban Growth Boundary

Decisions regarding future road infrastructure will be determined through the USFS travel management process.
