ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
6	23.83	8.4	7.18	8.25	PLOP - "People Love Our Potties"	Eastern Sierra	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	A system of regional and well-maintained bathrooms as a statement that the Eastern Sierra takes the recreation experience seriously.
129	22.71	7.71	7.09	7.91	Sustainable Dispersed Camping	Eastern Sierra public lands	Several of the above - temporary seasonal infrastructure, signage, volunteers	Dispersed camping is exploding in popularity. Work with land management partners to support it more sustainably with increased dumpsters, porta-potties, signage, etc.
151	22.44	7.46	7.34	7.64	Eastern Sierra Campground Inspection, Repair, and Replacement Project.	Multiple locations across the Eastern Sierra region	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	This project will inspect all Eastern Sierra campgrounds, and identify, repair and replace needed infrastructure, equipment, or other facilities to make them adequate for recreation use.
14	22.41	7.7	7.31	7.4	Trails for the Future	Inyo National Forest	All of the above	Rebuild the trails of the Inyo National Forest for present and future generations.
181	22.36	7.51	7.4	7.45	Inyo National Forest Campground Improvements	Forest Service campgrounds from Lone Pine to June Lake	Maintenance	Partnerships with the campground concessionaires should be expanded to provide for opportunities to upgrade the water systems. Many are outdated and the Forest Service alternative is to close them.
48	22.29	8.11	6.58	7.6	We Care Where You Go	Owens Valley; multiple locations	"Soft" infrastructure that is not permanent in nature.	With increasing numbers of visiting climbers to the Eastern Sierra, there is an increasing need for where people can go... to the bathroom. We propose seasonal porta potties to be installed.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
3	22.28	7.95	6.68	7.65	This is Our Home: Treat this like your home	Southern Inyo County	Outreach and Communications	A three-pronged education program to reach visitors, engage local businesses, teach local kids how to care for the environment.
157	22.02	7.45	7.05	7.52	Eastern Sierra Public Trails Inspection, Repair, and Replacement Project.	Multiple locations across the Eastern Sierra region.	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	This project will inventory designated public trails across the Eastern Sierra and prioritize repair and maintenance as needed for each trail and related infrastructure.
143	21.71	7.07	7.33	7.31	Eastern Sierra Visitor Centers Exhibit Inspection and Review, Repair and Replacement.	Visitor Centers in Lone Pine, the Ancient Bristlecone Pine Forest, the White Mountain Ranger Station, Mammoth Lakes, and Lee Vining	Education	Visitor Center exhibits provide information and education for visitors. This project will inspect, repair, and/or replace exhibits needing rehabilitation because of wear, or to be more current.
5	21.64	7.6	6.95	7.09	Where to "Go" in the Alabama Hills	Alabama Hills; Regional	Outreach and Communications	Leverage agency partnerships to provide regular on the ground presence and establish a regionally coordinated information network (Signs, websites, apps) on etiquette, way finding and interpretation.
17	21.56	8.26	6.04	7.26	Tangle Free Waters	Inyo and Mono Counties	Stewardship and Volunteers	Reduce, remove, and recycle monofilament line through partnerships with federal, state, and local government agencies, non-profits, and businesses through stewardship and educational programs.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
137	21.41	8.03	6.04	7.34	Porta potties in popular climbing areas	Upper Owen's River Gorge, Sads	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	More porta potties in popular climbing/bouldering areas
176	21.39	7.67	6.4	7.32	Bear Education Signage on Dumpsters	Mammoth Lakes	Signage	Add signage on dumpsters that are frequently used by visitors, such as at condo units, to remind visitors to hook the latch on the dumpster to prevent bears from eating garbage
147	21.24	7.33	7.02	6.89	Trail delineation and sustainability master plan	Alabama Hills	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	In tandem with the Alabama Hills recreation plan, a complete trails survey would be beneficial, followed by sustainability focused trail improvement and creation in order to establish a network
138	21.17	7.82	5.81	7.54	Highway 395 Wildlife and Recreation Crossings	Highway 395, Long Valley	Partnerships	Plan, fund and implement wildlife and soft-surface trail crossings of hwy 395 to reduce wildlife migration mortality and traffic accidents and to enhance connectivity between Mammoth and Long Valley.
154	21.13	7.29	6.81	7.03	Eastern Sierra Developed Day Use Recreation Facility Inspection, Repair, and Replacement Project.	Multiple locations across the Eastern Sierra region.	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	This project will inspect all Eastern Sierra developed day use recreation facilities and repair and replace as needed all infrastructure and equipment to make them adequate for recreation use.
108	21.11	6.96	7.13	7.02	Celebrating Indigenous History and Culture	Entire east side	Education	Interpretive tours of local Indigenous sites, by local Indigenous guides

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
161	21.05	7.39	6.43	7.23	Eastern Sierra Dispersed Camping Sustainability Project.	All over the Eastern Sierra region.	Improved policy and procedures	This project will review Eastern Sierra dispersed camping, and develop and implement management actions to balance dispersed camping with preservation and protection of our public lands.
54	21.04	7.56	6.43	7.05	Friends of the Inyo Trail Ambassadors	Inyo, Humboldt-Toiyabe, and nSierra NFs, in Inyo & Mono Cou	Stewardship and Volunteers	Trail Ambassadors educate users on how to recreate responsibly, provide interpretive talks, engage the public in volunteer stewardship events, do trail maintenance, and are a presence on the ground.
4	21.02	7.04	6.77	7.21	County Camp Revamp	Inyo County	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	A program to improve conditions at all Inyo County Campgrounds using tourism dollars.
112	20.98	6.98	7.09	6.91	Kids in Nature	Mammoth Lakes area	Education	Provides science and nature-based outdoor education programs to get kids outside exploring and learning about nature and how to responsibly enjoy the outdoors
150	20.98	6.89	7.11	6.98	Eastern Sierra Visitor Center and Regional Interpretive Program and Visitor Services Review, and Development and implementation of a Plan for Improvement.	Lone Pine, Ancient Bristlecone Pines Forest, White Mountain Ranger Station, Mammoth Lakes, and Lee Vining and other recreation areas.	Education	All Eastern Sierra Visitor Centers and the region need quality interpretive programs and visitor services. This project would review these current programs and develop and implement improvement plans.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
68	20.95	7.16	6.75	7.04	Inyo National Forest Campground improvements	Inyo National Forest	Maintenance	Revitalize and address maintenance issued for all forest campgrounds
142	20.74	6.25	7.23	7.26	Crowley to Lee Vining Multi-Use Bike Path	Hwy 395 corridor, Crowley to Lee Vining	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Plan and build a quality paved multi-use path along highway 395 corridor connecting Crowley, Mammoth, June Lake and Lee Vining communities, primarily for bikes, e-bikes and runners.
73	20.73	7.56	6.12	7.05	Dispersed Camping Management & Education	Mammoth Lakes Area	Maintenance	Define, limit and manage dispersed camping areas on Inyo National Forest lands around Mammoth Lakes.
144	20.69	6.24	7.25	7.2	Bike (multi-use) paths in June Lake Loop	June Lake Loop	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Many sections of Highway 158 are dangerous for pedestrians and cyclists. This proposal is to support the creation of multi-use paths between the town and Silver Lake Resort and June Lake beach.
115	20.64	6.44	6.89	7.31	New Eastern Sierra Visitor Information Center	Downtown Bishop	Visitor Centers	Convert and existing vacant building into a new, enlarged and improved information center for Eastern Sierra guests.
51	20.57	6.56	7.27	6.74	Accessible Parks	Various- Alabama Hills, Buttermilks, Happy Boulders, Owens River, Hot Springs, etc.	To be successful, this would take a little bit from most of these categories	I'd like to see formal parks developed at some of the most popular outdoor recreation destinations that would provide restrooms, trash collection, and parking, etc.
118	20.57	7.16	6.57	6.84	Twin Lakes Vista Restroom	Twin Lakes Vista	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Install a year round restroom at the Twin Lakes Vista parking area.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
169	20.53	7.05	6.64	6.84	Teen Corps for Healthy Forests	Forests surrounding Mammoth Lakes	Stewardship and Volunteers	Recruit community members (focusing on teens) to help remove dead and down trees in the forests surrounding Mammoth Lakes.
153	20.49	7.44	6.3	6.75	keep Convict Lake clean	Convict Lake	Maintenance	"Keep Convict Lake clean" would be a project in which more trash and recycling bins would be available near the lake and parking lots. Trash bins would be near transit areas.
114	20.46	7.44	6.11	6.91	Buttermilk Protection Project	Buttermilks climbing area	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	The Buttermilk Road area is heavily overused year-round. This area needs developed campsites, bathrooms, signage and protective signage.
99	20.44	7.32	6.19	6.93	Buttermilk Dispersed Camping Management	Buttermilk Country	Visitor Centers	Develop a management plan for traffic and dispersed camping impacts in the Buttermilk area.
50	20.42	7.54	6.07	6.81	Eastern Sierra Backcountry Responsibility Code	The Sherwins and Mammoth Lakes Basin	Education	This project will develop a "Backcountry Responsibility Code" to promote a local culture of safety, respect and stewardship while backcountry skiing and snowboarding in the Eastern Sierra region.
21	20.4	6.4	7.04	6.96	Eastern Sierra Rails to Trail (ESR2T)	Inyokern to Laws Museum (approx.. 120 miles)	Trail Planning	Turn the old Carson and Colorado (aka Southern Pacific) railroad grade into a trail: Eastern Sierra Rails to Trail (ESR2T)
90	20.39	6.84	6.39	7.16	Dark Sky Initiative	Inyo & Mono Counties	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Use energy saving technology to reduce light pollution in urban areas & outlying industrial facilities. The result: Stunning stargazing rare in California & restore nocturnal wildlife habitats.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
159	20.22	6.33	6.89	7	Youth Recreation and Tourism Advisory Committee	Regional	Planning and Environmental Review	Empower the region's young people with opportunities for inclusion, influence, and deliberation on local issues which affect their lives through the creation of a advisory committee.
43	20.2	6.29	7.06	6.85	Bishop Creek Trail	Bishop Creek	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Construct a multi-use hiking, biking and equestrian trail from the City of Bishop to South Lake, Lake Sabrina and North Lake which is maintained by volunteer groups.
1	20.16	6.79	6.8	6.57	Education on Responsible Multi-use: A Place for Everyone	Lone Pine; Owens River	Education	Establish targeted and incentivized education programs; provide inclusive access to recreation areas and a variety of accessible recreation opportunities.
59	20.14	5.7	7.71	6.73	Wounded Warrior Access	Inyo National Forest, Toiabe National Forest, BLM Land	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	To provide Wounded Warrior access to all lakes and rivers that have road access.
25	20.12	6.32	6.92	6.88	West Walker River Parkway	Walker Canyon/ West Walker River	Trail Planning	This project will develop a system of trails and public access along the West Walker River aka "West Walker River Parkway" including Mtn. Gate Park, CDFW, BLM, and HTNF managed lands.
18	20.07	6.45	6.6	7.02	Bike Path - Crowley Lake to Mammoth	Crowley Lake to Mammoth Lakes	Partnerships	The Eastern Sierra needs more bike paths and a connector from Crowley Lake to Mammoth Lakes would allow community and public members to ride to and from for work and allow access that does not exist.
32	20.07	6.15	6.88	7.04	Free ESTA For All	Eastern Sierra	Budgeting	All ESTA routes will be free. Ridership will likely increase dramatically.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
42	20.07	7.69	5.79	6.59	tangle free waters	mammoth lakes	Planning and Environmental Review	sustainable use of our aquatic resources
19	20.03	6.27	6.84	6.92	Southern Mono Trail System	From Lower Rock Creek trailhead and heading north connecting all our small towns together and Whitmore Sports complex	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Looking to create a 30+ mile soft surface trail system connecting our communities together - including our trailheads, campgrounds, and parks. Non motorized.
126	20.03	6.56	6.72	6.75	Fern Creek Bridge	About a mile up Fern Creek Trail.	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	The Fern Creek bridge was damaged in the Winter of 18/19. The bridge is hazardous to cross especially in spring.
130	20	6.98	5.82	7.2	Usage fees for dispersed camping	Eastern Sierra public lands	Usage fees	Managing agencies would charge a modest fee (annual or one-time permits) for dispersed camping to cover costs of sustainability measures. Would still be significantly less than developed camping.
22	19.99	7.65	6.07	6.27	PCT Volunteer Project Leaders	Pacific Crest Trail	Stewardship and Volunteers	Fund two staff positions, a Crew Leader and Assistant Crew Leader, who will co-lead volunteer trail maintenance groups on the section of PCT running through the Eastern Sierra.
156	19.97	7.04	6.32	6.61	Interpretive and Wayfinding Signs	Buttermilks, Happies and Sad Boulders	Signage	Provide signage about LNT and restoration areas; and wayfinding signs to popular boulders found in guidebooks to guide climbers and visitor to prevent trail and restoration areas.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
145	19.96	5.96	7.19	6.81	Caminata en el los lagos ; Hiking at the lake	Crowley Lake	Señalización ; Signage	Caminata alrededor del lago; Hiking around the lakes
167	19.95	6.51	6.81	6.63	Grover Hot Springs Waterfall Interpretive Trail	Grover Hot Springs State Park, Markleeville, CA	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	The ATA, in cooperation with H-T NF Carson Ranger District and CA State Parks, wishes to develop a safe and inviting interpretive trail for the waterfalls above Grover Hot Springs in Markleeville, CA.
9	19.91	6.32	6.9	6.69	Paddle Trail Access for All on Lower Owens River Project	Lower Owens River	Programming	With a focus on making the Lower Owens River physically accessible. This project recommends three approaches looking at policy revisions, programming, and partnership.
146	19.91	6.3	6.7	6.91	Eastern Sierra Visitor Center Facility and Grounds Inspection, Repair, and Replacement Project	Lone Pine, Ancient Bristlecone Pines Forest, White Mountain Ranger Station, Mammoth Lakes, and Lee Vining.	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	This project will inspect all Eastern Sierra Visitor Center facilities, including interior and exterior infrastructure and grounds, and repair and replace structures, grounds, or equipment as needed.
49	19.9	6.17	7.33	6.4	Horseshoe Lake ADA Picnic Area	Horseshoe Lake	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Modifying the existing asphalt auxiliary parking area by the bathrooms and start of Horseshoe Lake Loop Trail to permeable surface, ADA accessible, shaded picnic table pods.
98	19.9	6.15	6.84	6.91	Mammoth Loop Trail Repairs	Town of Mammoth Lakes	Maintenance	The loop trail bike/pedestrian path needs help.
45	19.88	8.02	5.11	6.75	South Fork Bishop Creek fire prevention/	South fork Bishop Creek	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Wonderful, fragile meadow near the Table Mountain Group camping area needs protection. Vehicles have created a path

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
					meadow protection			to drive off-road into a small meadow. Fire pits have created.
170	19.88	6.05	6.87	6.96	Eastern Grand Bikeway	Paralleling the east side of the Sierra Nevada potentially from Lone Pine to Bridgeport and beyond.	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	A regional bikeway comprised of both paved MUP and dirt single or double track trail connecting east side communities. System to be built in segments aiming for complete connection.
105	19.75	6.02	7.09	6.64	Owens River Gorge for All	Owens River Gorge	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Collaborate with LADWP to improve the unofficial trail in the ORG and make it accessible to all users.
168	19.75	6.95	6.05	6.75	Noise and light pollution in the wilderness.	Eastern Sierra	Education	Research and education initiative to include noise and light pollution in Leave No Trace principles. Educate campers and backcountry users of the impacts of noise and light pollution on wildlife.
79	19.72	7.22	5.43	7.07	ACTUAL BEAR PROOF DUMPSTERS	Mono County	wildlife management	upgrade all public trash and recycling facilities to actual bear proof containers. The carabiner is out of date technology. Example: Yosemite National Park
155	19.7	6.39	6.8	6.51	Eastern Sierra US 395 Scenic Byway Kiosk Inspection, Repair, and Replacement Project.	Multiple, developed existing locations along and directly adjacent to US Highway 395 in the Eastern Sierra.	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	This project seeks to repair and enhance the aging US Highway 395 Scenic Byway Kiosks through a program of inventory, prioritized repair, and meaningful enhancement where opportunities are available.
12	19.63	5.69	6.98	6.96	East Side Community Trails	Eastern Sierra	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Create a signature hardened surface trail in/around each community. The trails would be available for locals, visitors, and events/competitions.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
173	19.61	5.76	7.37	6.48	Accessible Entry Points to Water	Mono Lake, Navy Beach	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Establish wheelchair access to the water at Mono Lake for people with disabilities.
139	19.57	6.68	6.38	6.51	Sherwins Meadow and Mammoth Creek Trails Restoration Project	Sherwins Meadow, Mammoth Creek corridor	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Reroute, rehab, restore and designate network of sustainable soft-surface system trails and build new connectors to enhance access and mitigate impacts to soils, vegetation, wildlife and archeology.
113	19.54	6.98	6.08	6.48	Science-Based Conservation Conversations	Mammoth Lakes area	Planning and Environmental Review	This project will provide a facilitated forum to address issues in planning for sustainable recreation with minimal environmental impacts
69	19.52	6.8	6.32	6.4	Bishop Creek Recreation Area	Bishop Creek drainage	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	A wholescale look at the Bishop Creek drainage as a recreation area
125	19.52	5.98	6.62	6.92	Eastern Sierra Regional Trail	Highway 395 Communities	Trail Planning	Revisit the Eastern Sierra Regional Trail Concept proposed from Topaz to Bishop
37	19.52	6.68	6.14	6.7	ESSRP Education Programs & Collections	Each public library branch within the region	Education	An annual grant to create/maintain/promote books, videos, online resources, etc that relate to "sustainable recreation"
66	19.48	5.73	6.84	6.91	Bishop to Laws	Bishop	Trail Planning	Create a paved pathway from the Visitor Center (with wayfinding) to Laws Railroad Museum.
102	19.47	7.46	5.3	6.71	TANGLE FREE WATERS	MAMMOTH/MONO COUNTY	Stewardship and Volunteers	TO KEEP OUR AQUATIC RESOURCES CLEAN, PRISTINE, FREE OF FISHING LINE HOOKS LEAD SINKERS THAT BUILDUP

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
								YEARLY IN THE WATERS AND SURROUNDING HABITAT CAUSING IMPACTS TO PEOPLE AND WILDLIFE.
2	19.45	6.92	6.04	6.49	Alabama Hills Stewardship Ranger Program	Alabama Hills	Stewardship and Volunteers	Using restoration destination tourism projects to pay for staff and facilities that can engage with visitors.
141	19.45	6.21	6.5	6.74	Bodie Hills Mountain Bike Trails	Bodie Hills	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Build well-designed network of sustainable soft-surface nonmotorized singletrack trails to provide quality access to wildlands and opportunities for nonmotorized recreation.
57	19.33	5.93	6.8	6.6	Bishop to Tablelands	Pleasant Valley	Planning and Environmental Review	This project would complete a full bike path from the City of Bishop to the Chalk Bluff Road, giving access to the Tablelands from town.
53	19.31	7.04	5.58	6.69	Kiosk trailhead ohv Information	Winter/summer trailheads mono/Inyo co	Education	Provide trail map information to winter/summer ohv enthusiasts, include a code of responsibility to protect the area's natural, cultural, social resources and maintain sustainability of the region
24	19.25	5.31	6.88	7.06	Connected Communities	Eastern Sierra	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Every Main Street, school, park, campground, and neighborhood should have free public connections to extensive multi-use trail systems with connections between communities and transit services.
172	19.2	5.4	7.31	6.49	Providing Access to People of All Abilities	Regionwide	Planning and Environmental Review	Develop planning tools and a community based advisory committee to standardize the inclusion of accessibility in planning and decision-making for recreation related projects.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
58	19.19	6.24	6.65	6.3	Markleeville Creek Restoration Project and Heritage Park restrooms, access, and signage	Markleeville, CA	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Construct new public restrooms, parking, accessible trails, viewing platform, and interpretive signage at a 5 acre site along Markleeville Creek as part of a major stream restoration project.
35	19.17	7.19	5.9	6.08	Access Trail to Mammoth Rock	Mammoth	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	There is now an informal trail to the rock which is a mess. The project will build/restore the trail to the rock.
7	19.17	6.76	5.78	6.63	Rebuilding The Tower of Babel; Solving all the World's Problems	Eastern Sierra	Outreach and Communications	This project will identify ways to provide information, useful to locals, but targeted to visitors on stewardship and recreating sustainably.
77	19.15	6.5	6.15	6.5	Trailhead information kiosks	Inyo National Forest/Bishop BLM management area	Education	Update all trailhead information kiosks
133	19.15	7.2	5.22	6.73	Community Clean Ups	Lakes Basin in Mammoth	Maintenance	We try and get the community to come together and walk around different portions of Mammoth and clean up the trash and litter they see.
124	19.11	5.69	6.62	6.8	Mono-Yosemite-Conway Trail System	Conway Summit, Mono Basin, Tioga Pass	Trail Planning	A trail system which links Conway Summit, Virginia Lakes turnoff, Conway Ranch, Matley Ranch, the Mono Basin, Mono Lake, Yosemite NP, and the Community of Lee Vining
47	19.09	6.64	6.14	6.31	Coldwater Campground/Trail head Improvement	Mammoth Lakes Basin/Coldwater Campground & Trailhead	Fixing and improving existing bathrooms, roads, trails, and other infrastructure	Redesign the Coldwater campground and trailhead to re-route the access road so that vehicles don't loop through the campground. Repair roads, install vault toilets, and clean up the mine site.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
27	18.99	5.3	6.82	6.87	Eastern Sierra Class 1 Bike Trail	Mono Lake to Olancha (or further)	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Construct a paved class 1 bike trail through Owens Valley and the Eastern Sierra.
106	18.93	7.16	5.4	6.37	Scheelite Canyon Stewardship	Scheelite Canyon (AKA Pratt's Crack Canyon), Pine Creek	Maintenance	Staging area improvements for popular climbing areas in Scheelite Canyon, Pine Creek.
122	18.92	6.08	6.3	6.54	Recreation Road System	Eastern Sierra	Road Planning, Maintenance and repair	Recreational roads in our area lack an organized system of planning, repair and maintenance.
33	18.91	7.35	5.33	6.23	AQUATIC ECOSYSTEMS	MAMMOTH LAKES	Outreach and Communications	RETURN THE MAMMOTH LAKES AQUATIC ECOSYSTEMS TO THEIR PRISTINE CONDITION & MAINTAIN THEM WITH OUR COMMERCIAL USE OF THEM.
177	18.91	5.96	6.38	6.57	Alpine County Gateway Project	Alpine County (Markleeville)	Programming	Create an Alpine County gateway experience that includes an interactive Visitor Center, satellite information booths, and education strategies that attract, educate, and engage visitors.
52	18.87	6.66	5.53	6.68	Defining Sustainable: Where is the tipping point?	Entire Region	Planning and Environmental Review	As we work together to build additional recreational opportunities in the Eastern Sierra, a first step should be to define sustainable at various scales and locations in the region.
75	18.84	7.05	5.37	6.42	Forest Stewards & Trash Management	Lakes Basin Sites + Dispersed Camping Areas	Management; Enforcement; Forest Protection	Problem: "Camp Hosts" seem unable to address issues in developed camp grounds plus dispersed camping is destroying our forests as there is no management or oversite for those areas.

ESSRP Projects 1 to 183 - Stakeholder "Desirability" Scoring – Sorted by Composite Score

ID	Comp/Score	Stewardship	Access	Benefits	Project Name	Project Location	Project type	Short summary
36	18.81	5.34	6.9	6.57	Eastern Sierra Valley Rail Trails Network	Mono/Inyo Counties	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Connect Benton to Owens Lake and all communities inbetween with rail trails designed to encourage activity, learning and escape
96	18.79	5.44	7.16	6.19	Inclusive fishing	Mammoth Creek - TOML	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Add accessible paths and "platforms" that creates accessible means for all individual who desire to experience fishing that opportunity.
162	18.67	5.63	6.43	6.61	Community Connection Path	Crowley to Mammoth	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	This project would involve creating a path that goes in-between Crowley and Mammoth. This path allows people to travel on a bike or by foot between the two towns.
78	18.63	6.52	5.95	6.16	Interpretive campground programming	Developed campgrounds in Mammoth Lakes and June Lake	Education	Interpretive "rangers" who would visit new campers and walk through the campgrounds at night teaching about bears, food storage, fire extinguishing and other information related to their visit.
20	18.6	6.29	5.87	6.44	Improve Trailhead Parking	Inyo/Mono County	New Bathrooms, Buildings, Roads, Trails or other "Hard Infrastructure"	Improve parking areas at trailheads by either adding parking spaces, signs that indicate when parking is full, or having staff enforce parking.
38	18.52	6.13	6.09	6.3	Recreational Road Repair	Forest and Blm lands in the Eastern Sierra	Maintenance	Roads used for recreation on National Forest and Bureau of Land Management Land are often damaged by storms. Repair often takes a very long time.
132	18.49	6.78	5.16	6.55	Trailhead fees/donations to support maintenance	Eastern Sierra trailheads	Maintenance	Institute a system of either trailhead fees or donations to support maintenance. Fees via annual pass (free for low-income)
